

# Water 360

End-to-end project finance water and wastewater solution **for hotels, resorts, industrial parks and property developments and municipalities**

**No upfront investment needed**  
Pay only for water, we finance the project

**Reliable and independent complete water solution**  
Water, wastewater and reuse in a complete package

**Pay less for your water**  
Dramatic reduction in water cycle costs, by up to 30%

**Price-certain • Safe • Reliable • Efficient • Cost-effective**  
**Water desalination, wastewater treatment and reuse solutions**

## Everything Covered

Water 360 comes with the backing of one of the world's most seasoned and proficient water services teams with extensive experience in Build, Own, Operate (BOO), Build, Operate, Transfer (BOT) and Build, Own, Operate, Transfer (BOOT) projects. With all of your water needs covered you are free to focus on your core hospitality and property management objectives – and most importantly, on keeping costs down and efficiency high.

## A Combined Water Service Solution to Lower Water and Wastewater Costs by up to 30%

- Reduce water costs through efficient reuse, rather than paying twice for fresh water usage and wastewater discharge
- Increase water availability for consumption, irrigation, landscaping and property maintenance

### Peace of mind

We care for all your water needs

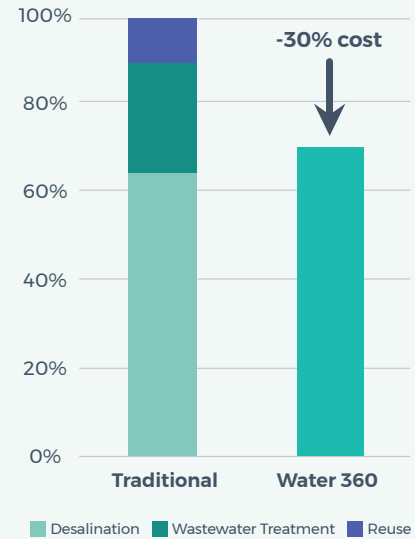

### Sustainability

Optional renewable energy sources for 24/7 off-the-grid operation

### Grow as you Go

High modularity and scalability

## A Closer Look at Water 360
