Q1 2023 Update

Fluence Corporation (ASX:FLC)

27 April 2023

ersonal use only

Q1 2023 Highlights

All numbers are unaudited and refer to continuing operations

- **Q1 revenues of \$14M** – Down 49% from Q1 2022 mainly due to the reduction in Ivory Coast revenue and several SPS project delays
- **SPS revenues in China/SEA up 50% from Q1 2022** due to growth in key SEA markets including Cambodia, Vietnam, and Taiwan as well as China re-opening
- **New orders in Recurring Revenue up 100% over Q4 2022** – 35% growth in backlog, while backlog in SPS plus Recurring Revenue remained flat over Q4 2022
- **Visibility on large, near-term orders** – Several orders already booked or expected to be booked in Q2 2023
- **Fixed Costs savings of \$1.2M in Q1 2023 and down 17% from Q4 2022**, reflecting the impact of implementing the restructuring announced in Q4 2022
- **Cash Balance of \$15.2M plus \$13.7M in short and long-term deposits** – down from \$30.9M at end of Q4 2022
- **Received Ivory Coast payment 9 of \$18.8M in April** – anticipate positive Operating Cash flow in Q2 2023
- **Maintaining guidance of total revenue of \$95-100M in FY 2023 of which SPS plus Recurring Revenue is \$75-80M and EBITDA of \$4M** – An increase in EBITDA of more than 70% over FY 2022

All numbers in presentation are USD unless otherwise stated.

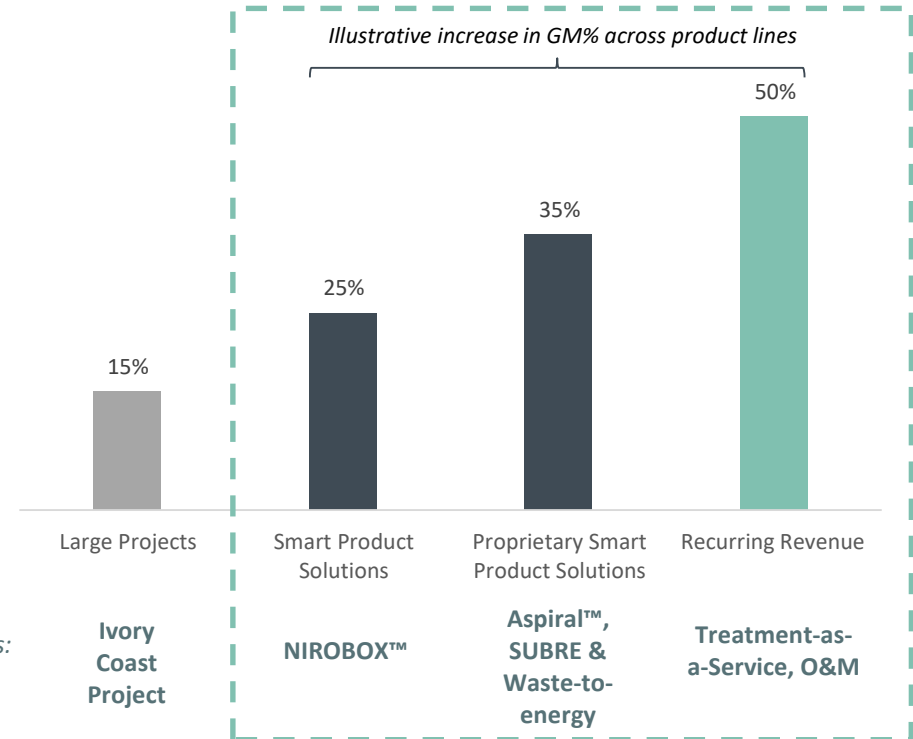

Fluence: Fast To Deploy, Profitable Water Solutions

Mix Has Shifted To Core Revenues ex-Ivory Coast

Transition To Higher Margin Revenue

Stronger Focus on SPS and Recurring Revenue Growth

- + Proven technology deployed rapidly & widely
- + High margin and capital efficient
- + Highly attractive recurring revenue model
- + Target markets can leverage additional capital with high IRRs
- + Higher growth segment within water

Examples:

De-emphasizing Custom Engineered Solutions (CES):

- Lower margins
- Lumpy, irregular contracts
- Selectively consider only CES projects which utilize Fluence proprietary technology

Leading ESG Impact in Water Treatment

Water Sector Emissions: 1.8% of Global CO₂, 4.6% of Global Methane
Existing Fluence Plants Mitigate The Equivalent of 231K tons of CO₂/year

Committed to UN SDGs

- Fluence technologies are highly energy efficient (MABR, desalination) and lower CO₂ and other harmful contaminants
- Many wastewater treatment technologies emit Nitrous Oxide (N₂O): 300x worse than CO₂ – Fluence MABR emits nitrogen: **installed systems currently save 267 tons/year of N₂O emissions, equivalent to 80,200 tons of CO₂**
- A decentralized approach using Fluence MABR to solve the world's wastewater needs would result in increased access to clean water and wastewater → **Potential annual energy savings of 2 TWh, equivalent to 150 million tons CO₂**
- Waste-to-energy form industrial wastewater mitigates a further 128,600 tons CO₂/year**

Fluence is committed to ESG and delivers on 10 of the 17 UN SDGs

Sustainability Impact from Fluence's Installations

MABR & NIROBOX

32 GWh / year
in energy savings vs
conventional technologies
mitigates 22,300 Tons CO₂ / year

Wastewater-to-Energy

182 GWh / year
clean energy from biomass
mitigates 128,600 Tons CO₂ / year

Reuse

**19Bn Liters Water
Recycled / year**

Water

**213Bn Liters
Drinking Water
Produced / year**

Wastewater

**291Bn Liters
Wastewater
Treated / year**

- ✓ MABR installations remove >2,700 tons of nutrient pollution/year
- ✓ Lowers Nitrous Oxide emissions by 267 tons/year

Disclaimer

This presentation has been prepared by Fluence Corporation Limited (ASX:FLC). All currencies quoted as “\$” are US dollars unless otherwise specified.

This presentation may contain forward-looking statements which are identified by words such as ‘may’, ‘could’, ‘believes’, ‘estimates’, ‘targets’, ‘expects’, or ‘intends’ and other similar words that involve risks and uncertainties. These statements are based on an assessment of past and present economic and operating conditions, and on a number of assumptions regarding future events and actions that, as at the date of this presentation, are expected to take place. Such forward-looking statements are not guarantees of future performance and involve known and unknown risks, uncertainties, assumptions and other important factors many of which are beyond the control of the Company, its Directors and management. Although the Company believes that the expectations reflected in and the assumptions underlying the forward looking statements included in this presentation are reasonable, readers are cautioned not to place undue reliance on them, as the Company cannot give any assurance that the results, performance or achievements covered by the forward-looking statements will actually occur.

This presentation should not be considered as an offer or invitation to subscribe for or purchase any shares in FLC or as an inducement to make an offer or invitation to subscribe for or purchase any shares in FLC. No agreement to subscribe for securities in the FLC will be entered into on the basis of this presentation or any information, opinions or conclusions expressed in the course of this presentation. This presentation is not a prospectus, product disclosure document or other offering document under Australian law or under the law of any other jurisdiction. It has been prepared for informational purposes only and does not constitute an offer or invitation to apply for any securities, including in any jurisdiction where, or to any person to whom, such an offer or invitation would be unlawful.

To the maximum extent permitted by law, the Company and its professional advisors and their related bodies corporate, affiliates and each of their respective directors, officers, management, employees, advisers and agents and any other person involved in the preparation of this presentation disclaim all liability and responsibility (including without limitation and liability arising from fault or negligence) for any direct or indirect loss or damage which may arise or be suffered through use of or reliance on anything contained in, or omitted from, this presentation. Neither the Company nor its advisors have any responsibility or obligation to update this presentation or inform the reader of any matter arising or coming to their notice after the date of this presentation document which may affect any matter referred to in the presentation. Readers should make their own independent assessment of the information and take their own independent professional advice in relation to the information and any proposed action to be taken on the basis of the information.

2022 consolidated financial figures presented on IFRS basis are audited; 2023 figures are unaudited and subject to change.
